Details and options:

Steel doors:
Double-walled and insulated, 19 mm thick, offers unlimited color coating options.

HPL doors:
Made of high- pressure laminate, 13 mm thick and available in a variety of appealing decors.

Doors with real-wood veneer:
The right choice for sophisticated surroundings.

Glass doors:
Sophisticated door variant made of 8 mm-thick, colourfully enamelled toughened safety glass.

Numbering and orientation:
Color matching inscriptions and pictograms are available to ensure optimal room orientation and numbering.

Security compartment
Instead of the hat compartment. Available for compartment widths of 300 and 400 mm.

Additional space:
The storage box allows you to take advantage of redundant space in the locker.

Sanitary and easy to clean
Thanks to the smooth interior walls and bases, "dirty corners" are a concept unknown to Prefino.
