

# RAL Colour Chart

The colours depicted on the following chart are for guidelines only. Although these colours are accurately matched to RAL, there may be a colour variation between substrates and/or textures. The finished colour may not be as shown here. Printer and monitor variations will also affect the colours. For exact colours please contact RAL direct.

|                              |                                  |                               |                              |                                   |                              |
